Philips EPIQ - A new era in premium ultrasound.

With the arrival of the latest state of the art ultrasound system at Nowra Radiology, we are offering the highest level in premium ultrasound technology to your patients.

Premium ultrasound today demands improved clinical information from each scan, faster and more consistent exams that are easier to perform, and a higher level of confidence across all examinations.

The Philips EPIQ Ultrasound system uses the most powerful architecture ever applied to ultrasound imaging delivering exceptional image resolution and detail providing extraordinary levels of information enabling more confident diagnoses for your patients.

It's changing the way we perform ultrasound exams.
